

CSWC Operational Period Summary

0600 March 24 to 1800 March 24 2014

Tsunami Preparedness Week March 24-30

SITUATION SUMMARY

- SOC / Inland REOC remains activated in support of 2014 Drought
- The Tsunami Warning Communications Test will commence on Wednesday, 03/26/14.

FEMA USAR Activation Order # 2014-0001, Washington Mudslide Incident

On 03/24/13, the Warning Center received FEMA USAR Activation Orders for eight (8) California USAR Task Force Members from the White Incident Support Team (IST) in response to the Washington Mudslide Incident. The California State Warning Center provided the Activation Order to the respective Task Force dispatch centers and the Cal OES Fire Duty Officer.

White IST Members from the following USAR Task Forces have been activated:

- CA- TF 1: L.A. City Fire – 2 personnel
- CA- TF 5: Orange County Fire Authority - 1 personnel
- CA- TF 6: Riverside City Fire – 8 personnel
- CA- TF 7: Sacramento City Fire – 3 personnel
- CA- TF 8: San Diego Fire – 4 personnel

Significant Weather

- Winter Storm Warning in effect from 1500 hours Tuesday through 1100 hours Thursday above 5500 feet for portions of Alpine, Amador, Calaveras, Butte, El Dorado, Lassen, Nevada, Placer, Plumas, Shasta, Sierra, Tehama, Tuolumne, and Yuba Counties.
- High Wind Watch in effect from Tuesday morning through late Tuesday night for areas in Inyo County

WEATHER

Longer Term Outlook

An upper level trough will move through Northern California Tuesday into Wednesday bringing a cooler air mass and breezy southwesterly winds along with a threat of precipitation. Increasing instability on Wednesday as the system starts shifting to the east that could bring some thunderstorms. Additional precipitation is possible through the end of the week with more systems coming through the area. The precipitation received will offer some short term gains but will not end the drought.

Forecast Confidence

- Medium for precipitation Tuesday and Wednesday
- Low for thunderstorms
- Low for precipitation beyond Wednesday

Timing and Strength

- Precipitation spreading southeast across interior Northern California on Tuesday and continuing into Wednesday.
- Snow levels around 6000 ft Tuesday and lowering to around 4000 ft on Wednesday.
- Precipitation totals for Tuesday and Wednesday, up to half an inch in the Central Valley. Half an inch to an inch in the foothills and mountains except 1 to 2 inches in the Sierra.
- Snow amounts up to a foot above 6000 ft in the Sierra. Up to a few inches possible over the Coastal Range and above 4000 ft in Shasta County.

National Weather Service

Possible Precipitation Totals : Next Tuesday-Wednesday

CAL OES ACTIVATIONS

Cal EOC Incident – 2014 Drought

- The SOC is activated at Level 2 in support of the Drought State of Emergency from 0800-1700 hours daily.
- The Inland REOC is activated at Level 2 from 0800-1700 Monday through Friday or as needed.
- The Southern REOC is activated at Level 1.
- The Santa Barbara County OA EOC is activated at Level 2 to be handled by the duty officer for the purpose of monitoring activities and gaining situational awareness. The operational period is 0800-1700 hours.

SIGNIFICANT EVENTS / ACTIVITY

Tsunami Warning Communications Test, 03/26/14

The California Office of Emergency Services (Cal OES), in partnership with the National Oceanic and Atmospheric Administration ([NOAA](#)), will conduct a test of the tsunami warning communications system on March 26.

There will be two separate and distinct tests, the first at 10:15 AM PDT, in coastal areas of central and southern California, and the second between 11 AM and noon PDT, in Northern California.

- At about 10:15 a.m. NOAA's National Weather Service Offices in Monterey, Oxnard and San Diego will broadcast the "Required Monthly Test." The test will also be broadcast on NOAA Weather Radio All Hazards, local television and radio stations. The actual Tsunami Warning Code (EAS code TSW) will not be used for this test.
- Between 11 a.m. and noon PDT in Northern California (Del Norte and Humboldt): NOAA's National Weather Service Office in Eureka will broadcast a test of the EAS system by using the actual Tsunami Warning Code (EAS code TSU). This emergency test will be broadcast on NOAA Weather Radio All Hazards, local television and radio stations in Del Norte and Humboldt counties. Residents in some communities may hear warning sirens.

SIGNIFICANT EVENTS / ACTIVITY

FEMA USAR Activation Order # 2014-0001, Washington Mudslide Incident

On 03/24/13, the Warning Center received FEMA USAR Activation Orders for eight (8) California USAR Task Force Members from the White Incident Support Team (IST) in response to the Washington Mudslide Incident. The California State Warning Center provided the Activation Order to the respective Task Force dispatch centers and the Cal OES Fire Duty Officer.

White IST Members from the following USAR Task Forces have been activated:

- CA- TF 1: L.A. City Fire – 1 personnel
- CA- TF 5: Orange County Fire Authority - 1 personnel
- CA- TF 6: Riverside City Fire – 8 personnel
- CA- TF 7: Sacramento City Fire – 3 personnel
- CA- TF 8: San Diego Fire – 3 personnel

SIGNIFICANT EVENTS / ACTIVITY

Cal EOC Incident – 2014 Drought

Information as of 3/17/14

Situational Summary: (No Change)

On January 17, 2014 Governor Edmund G. Brown proclaimed a State of Emergency and directed state officials to take all necessary actions to prepare for drought conditions. The State Operation Center (SOC) is activated to implement objectives in support of the Governor's priorities. The lack of winter rain and snowfall has resulted in extremely dry conditions in many parts of the State. Reservoir levels are down significantly from where they should be on average for this time of year. If conditions continue without substantial rainfall, severe impacts to municipal water supplies, agriculture (plants and livestock) and firefighting capabilities are likely in store for the State over the next few months. Negative economic impacts will also result.

Dry conditions are expected statewide through mid-week, with record high temperatures in some places. A weak pressure front will move in by the middle of the week with cooling temperatures, but little to no precipitation is expected.

Despite above average rain and snow in February and early March, much of California has received only about 50% of normal precipitation. Heavy rain and snow would have to fall throughout California very frequently from now until May to reach average annual rain and snowfall levels. Even with such precipitation, California would remain in drought conditions, due to low water supplies in reservoirs from the two previous dry years. The drought could result in severe impacts to the municipal water supplies, wells, agriculture (plants and livestock) and firefighting capabilities for several months. The SOC continues to be activated to monitor the situation statewide, and support regional and local operational areas.

Cal EOC Incident – 2014 Drought (Cont.)

Information as of 3/18/14

Situational Summary: (Cont.)

- The Taskforce continues to meet regularly to take actions that conserve water and coordinate state response to the drought.
- The State Water Resource Control Board (SWRCB) staff participated in the Small Systems Inter-Agency Outreach Committee meeting USDA Rural Development, California Water/Wastewater Agency Response Network and Rural Community Assistance Corporation on March 5, 2014.
- The recent snowpack survey conducted on 3/12/14, recorded California snowpack at 29% of normal. The statewide snowpack as of March 6 indicates a snow water content of 33 percent of average to date and 30 percent of the April 1 average.
- DWR has announced that water essential for health and safety will be delivered through the state water project in spite of the zero allocation policy. Deliveries will be boosted if storms produce enough rain and snow to increase reservoir storage and the snow pack.
- On March 27, 2014, SWRCB will be at the groundbreaking ceremony for the City of Visalia's \$147 million Water Conservation Plant upgrade and recycled water distribution pipeline, made possible by an earlier CWA SRF loan from the State Water Board.
- Cal OES continues to gather drought-related costs from state agencies and local governments.

CAL OES MISSIONS

Drought Related Missions

- **2014-Inland-2185** Tuolumne County does not have a water master or any alternative resources to assist in determining the health of their ground water system. The County is requesting state agency expertise to assist with this determination.

Ongoing Cal OES Missions

- **2014-FIRE-2548** CAL FIRE request for an aircraft and aircrews with fuel tenders to support the annual joint CNG, MHEM/AAML Training at the CAL FIRE Academy from 04/04/14 to 04/06/14 . All costs incurred for CNG personnel, fuel, equipment, and assets will be assumed by CNG.
- **2014-LAW-2483** The 95th CST will provide area monitoring, secure communications, and WMD expertise for the IRL Racing Event at Sonoma Raceway August 22-24, 2014. They will assist with advanced planning and be pre-positioned prior to the start of the event.
- **2014-LAW-2481** The 95th CST will provide area monitoring, secure communications, and WMD expertise for the NHRA Racing Event at Sonoma Raceway July 25-27, 2014. They will assist with advanced planning and be pre-positioned prior to the start of the event.

Ongoing Cal OES Missions (Cont.)

- **2014-LAW-2478** The 95th CST will provide area monitoring, secure communications, and WMD expertise for the NASCAR Racing Event at Sonoma Raceway June 20-22. They will assist with advanced planning and be pre-positioned prior to the start of the event.
- **2014-LAW-2450** Santa Barbara County Sheriff's Department is requesting ten Search and Rescue personnel that are EMS certified to assist with a special event. Resource will be needed from 1100 hours till Midnight on April 8, 2014. San Luis Obispo County Sheriff's Department will be responding with requested resources.
- **2014-LAW-2380** The San Bernardino County Sheriff's Department as the Regional Mutual Aid Coordinator is requesting the 9th Civil Support Team of the California National Guard for support during the running of the Auto Club Speedway's NASCAR Races to be held from Friday, March 21, 2014 through Sunday, March 23, 2014. The CNG has accepted the mission and will deploy the requested resources.

Ongoing Cal OES Missions (Cont.)

- **2014-LAW-2307** Per USFWS, The mission has been postponed to Monday, March 10, with a backup date of March 11. They will provide a disposition at the conclusion of the mission. California Department of Fish and Wildlife (DFW) has requested California Air National Guard to assist in the movement of equipment and fuel between Farallon National Wildlife Refuge and the mainland. Approximately 3-4 sorties are expected with an HH-60G helicopter any one day between 2/24-28/2014 or before 3/15/2014. After receiving the official letter of request from USFWS on behalf of the California DFW, Cal OES LDO has changed the target date of the mission to 2/27/14, the county to Marin as Stinson Beach was Identified as the primary staging area and the resource to an HH-60.
- **2014-SOC-2111** Mission is to test the Cascadia Subduction Zone (CSZ) air bridge concept by air transporting 7 passengers from OES and 1 CANG logistics planner on 13 May 2014 from Mather to the State Staging Area (SA) in Redding, to one POD in Del Norte and one POD in Humboldt, to the Redding State SA, and return to Mather. Passengers will discuss actions at the Redding SA and at each OA POD while they are at each location. The air bridge is a critical component to CSZ response and recovery. It is imperative this concept is tested to ensure response teams can be successfully transported into the effected region and the affected Operational Areas' are able to receive aircraft at designated PODs.

Closed Cal OES Missions

- **2014-LAW-2556** On 03/21/14 at 1349 hours, Air Force Rescue Coordination Center (AFRCC) advised of an Emergency Locator Transponder (ELT) sounding at Van Nuys Airport. A Civil Air Patrol (CAP) Incident Commander (IC) has been assigned to locate and silence the device. On 03/23/14 at 1055 hours, AFRCC advised CAP located signal at a locked hangar and will attempt to silence the device on 03/24/14. On 03/24/14 at 1723 hours, AFRCC advised the ELT was located and silenced, non-distress. **Mission Closed**

UPCOMING EVENTS, TRAINING, EXERCISES

Diablo Canyon Power Plant, Rehearsal / Full Scale Exercise

Diablo Canyon Power Plant in San Luis Obispo will be hosting two full scale Hostile Action Based exercises this Spring. A dress rehearsal exercise will be held on April 16, 2014 and a FEMA evaluated exercise will held on May 21, 2014. This is part of the required biennial demonstration of our ability to protect the public from a radiological incident at the nuclear power plant.

2014 Golden Guardian

Planning is currently underway for the Governor's 2014 exercise series. The series will test the *California Cascadia Subduction Zone Earthquake and Tsunami Response Plan* developed by FEMA Region IX and Cal OES

- Logistics Rehearsal of Concept Drill - April 2, 2014
- REOC Communications Functional Exercise - March 27, 2014

Mission:

We protect lives and property, build capabilities, and support our communities for a resilient California.

We achieve our mission by serving the public through effective collaboration in preparing for, protecting against, responding to, recovering from, and mitigating the impacts of all hazards and threats.
